PROFILE

As a professional who has worked with small companies and startups, I love the opportunity each day brings to wear many hats in these environments. New challenges and continued learning motive me. As such, I recently add another skill to my toolkit by learning to code. Now I am looking for a position where I can use my existing skills to contribute to a business's success, while expanding upon my code foundation.

EXPERIENCE

Software Development Student + Apprenticeship

Zip Code Wilmington, Wilmington, DE

A NONPROFIT SOFTWARE DEVELOPMENT BOOTCAMP

SEPTEMBER 2016 - JULY 2017

- Completed a rigorous 12-week training program focused on the Java and Javascript programming languages.
- Accelerated my knowledge with over 800 hours of instruction and hands-on software development experience.
- Participated in an additional 6 month, full-time apprenticeship with one of Zip Code's partners, WSFS bank, where I learned how software development and coding work at a enterprise level, while using languages, libraries and technologies such as Java, Javascript, HTML, CSS, JQuery, SQL, Git, JPA and REST.
- As an apprentice, I addressed ticket items and bugs for the heavily Java based shop.

Vice President of Operations

Freedom Pathology Partners, Conshohocken, PA

A PATHOLOGY LAB SPECIALIZING IN DIAGNOSIS OF DERMATOLOGY, UROLOGY AND GI DISEASES

JANUARY 2014 - JUNE 2016

- Coordinated the daily activities of the business; overseeing laboratory processes, personnel and customer requests.
- In collaboration with the business partners, grew the business from a laboratory handling 2K specimens (130K revenue) in the first year, to 20K specimens (925K revenue) in the second year.

Director of Clinical Operations

Pathology Lab Solutions, Conshohocken, PA

IN-HOUSE PATHOLOGY LAB CONSULTANTS WHO ASSIST PHYSICIAN PRACTICES IN OPENING THEIR OWN INTERNALLY OPERATED PATHOLOGY LABS

OCTOBER 2008 - JUNE 2014

- Assisted customers in designing lab space to fit their testing needs.
- Integrated new workflow patterns necessitated by the addition
